## Diploma Supplement

This Diploma Supplement model was developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international 'transparency' and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

### ***4. INFORMATION ON THE CONTENTS AND RESULTS GAINED***

---

**4.1 Mode of study:**

full-time

**4.2 Programme requirements:**

The Bachelor programme Sport Studies comprises 240 ECTS credits (a first-year programme of 60 ECTS credits and a main phase programme of 180 ECTS credits).

The degree programme is practice-orientated: work placements (30 ECTS credits) and other practical components form an essential and compulsory part of this programme, as does a graduation project (30 ECTS credits).

The major is composed of compulsory units and elective units (15 ECTS credits). The minor or specialisation (30 ECTS credits) may be chosen by the student and allows the student to specialise in a chosen field or broaden his/her generic or subject-specific knowledge and skills. The programme equips the student with the competences required of a professional in the field of Sport Studies.

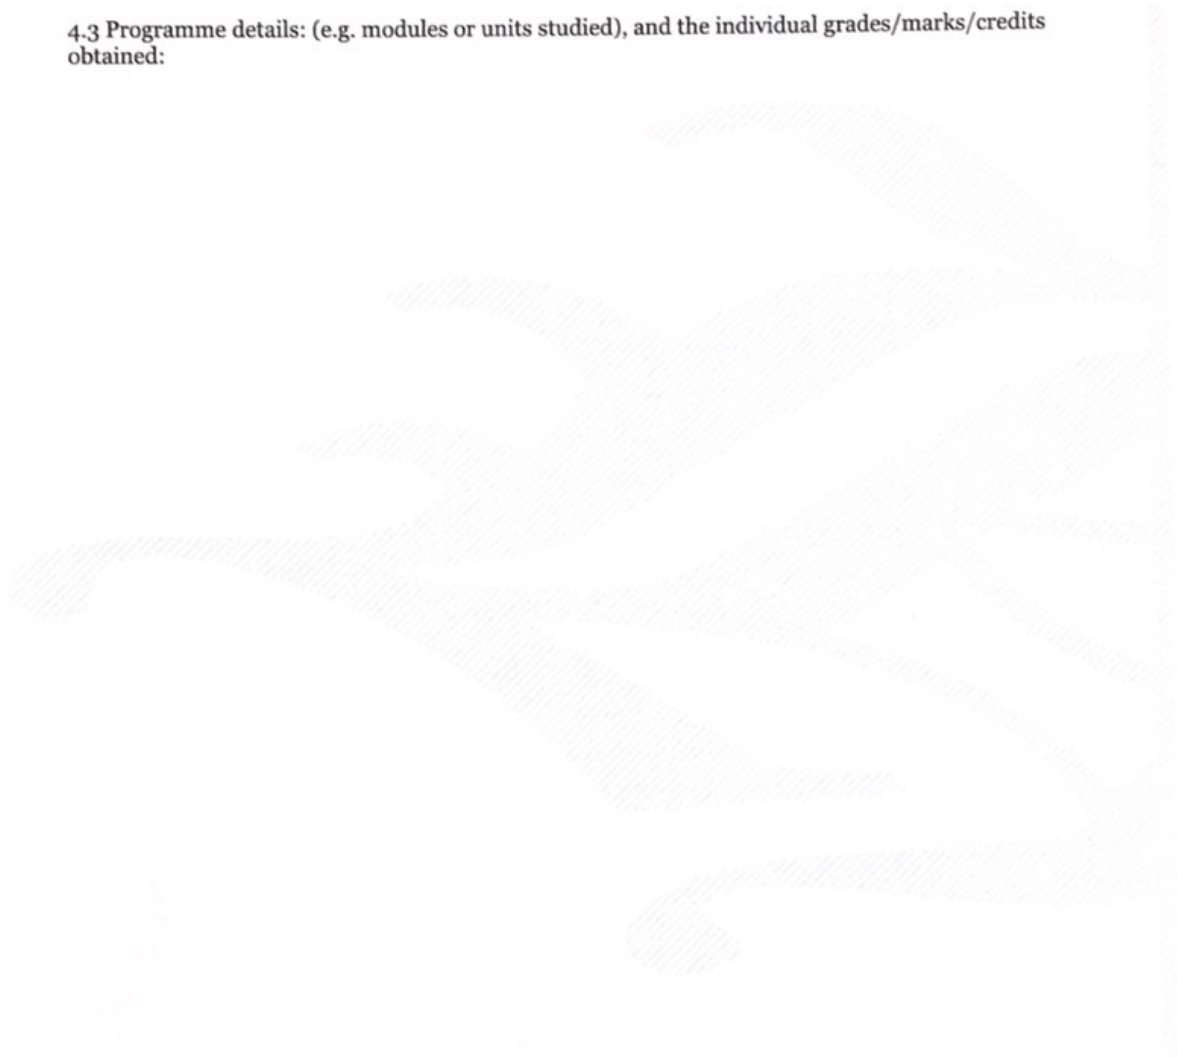

These are:

1. Development and implementation of strategy for sport and health policy of sport organisations and their link to policy cycles.
2. Attention and awareness for the achievement of quality in sport/health related business.
3. Management of financial aspects associated with sport and health business.
4. Instruct in leadership and management principles related to sport and health industries.
5. Create opportunities for entrepreneurship, development and innovation for sport and health industries.
6. Implementation of sport marketing and public relations principles and ethics.
7. Development of practical research skills and their application in the sport and health world.
8. Development of an all round sport professional based on individual responsibility and social, cooperative and communication skills.

This student has completed the minor A thematic minor.

A thematic minor is a minor which is composed of subjects that relate to a certain theme and which the student has selected in consultation with their department.

Total ECTS credits	240
--------------------	-----

*Key symbols: P = passed, EX = exemption*

*If the total number of ECTS credits exceeds the number of credits given under section 3.2. of the Diploma Supplement, this means that the student has completed extra modules, in addition to those required for the succesfull completion of the programme.*

4.4 Grading scheme and, if available, grade distribution guidance:

The Dutch grading system, used from elementary through to university education, is the 1 to 10 scale given in the following table, in which 10 is the highest grade, and 1 the lowest grade. At module level, marks are generally given with one decimal point. The 5.5 grade represents a pass. It is important to note that 10 is hardly ever awarded and 9 is also relatively rare, making 8 effectively a top grade.

**Dutch grading scheme**

10	Outstanding
9	Very Good
8	Good
7	Very satisfactory
6	Satisfactory
5,5 → 6	Minimum pass
5	Fail
4	Unsatisfactory
3	Very unsatisfactory
2	Poor
1	Very poor

4.5 Overall classification of the qualification (*in original language*):  
Geslaagd (Successfully Completed).
